Favorite Sayings: "Work hard and get paid." or "That helps us not at all."

Most Memorable Coaching Experiences: Coaching a very talented Freshman team that ended the season 12-0, including three split squad games. Also, working with Micah Lazenby. A great motivator who seemed to bring out the best in his players.

Personal Coaching Philosophy: Make the program better by preparing the younger athletes for the next level, on and off of the field. The success that these athletes achieve in athletics carries over into their personal lives as well.
