Favorite Sayings: "Whatever it takes." "Players play, teams win."

Most Memorable In 1965, while at WSU, we defeated Iowa with 20 seconds to go, Minnesota with 17

Coaching Experiences: seconds to go, and Indiana with no time left on the clock (all on the road).

Personal Coaching Football exists for the players and our young people are our greatest national product (can't be measured like automobile or lumber production). Therefore, treat them as you would like to be treated yourself. Get them to aim at the top. They might not reach the top, but they will get further than they will by aiming for the middle.
